2 THE CHAIRMAN: I suggest to you, Delegate
3 Malkus, that last week you desired to offer an amendment
4 to have it submitted to / Committee of the Whole, and you
5 objected strenuously to anyone seeing the amendment in
6 advance. The procedure we are following is to have the
7 amendments made available to the members at the time it
8 is being considered.

9 Delegate Malkus.

10 -DELEGATE MALKUS: You are indeed cute, we know
11 that, but I have never objected nor will I ever object
12 to anyone having an opportunity to study the subject
13 matter. What I objected to last week was for you to know
14 what was going on so you could go ahead and organize your
15 forces to beat me.

16 Now, I have never objected to a subject matter
17 being given an opportune time to be considered by the
18 people who are a little bit slower in their thinking than
19 some of the rest of us.

20 Now, we know, some of us here know what you
21 are trying to do and I think what this amendment does.
